

**Iowa****Department of Agriculture and Land Stewardship  
Soil Conservation Division****AVAILABILITY OF SPECIALIZED CONSERVATION CONTRACTORS**

As directed by the Iowa General Assembly, the Division of Soil Conservation conducted a survey in 2004 to determine the availability of private soil and water conservation control contractors in each district. You may view the results of this survey at: [Soil and Water Conservation Contractor Availability](#).

The table listing the results of the survey indicates where private contractors and consultants have requested to be placed on a list of available vendors maintained by each soil and water conservation district. Services offered by those vendors include consultation and contracting for seeding, erosion control, forestry, maintenance, wetland planting, and other measures. You can view the table at [Soil and Water Conservation Contractor Availability](#). Addresses and telephone contacts for private contractors and consultants available in each county are available by contacting the appropriate county soil and water conservation district.
